 - Policy and Response Coordination

Collaborative Partnerships

Health Services Grant

University Police Safety and Security Grant

- Grant Award: \$500,000 from Tennessee Department of Health via CDC
- Purpose:
 - Fund temporary increase in the number of Health Services staff
 - Educate campus on infectious diseases
 - Provide healthcare for individuals with infectious diseases
 - Supply educational materials and supplies

Grant Award: \$1.14 million from Tennessee
 Department of Finance and Administration

Purpose:

- Strengthen physical security and enhance safety protocols
 - Simplex Fire Alarm System upgrade
 - Additional security cameras in Roaden University Center
 - University Police radio system upgrade

Collaborative Partnerships

Center for Counseling and Mental Health Wellness Partnerships

- Cookeville Regional Medical Center and Volunteer Behavioral Health Care System Partnership
 - A Memorandum of Understanding (MOU) has been established with each agency
 - Purpose: to enhance community and university efforts in supporting student mental health crisis services
 - Both parties' clinical staff will provide partnership with:
 - Student safety
 - Overall care during mental health emergencies

Future Priorities

- Strategic planning with measurable goals and outcomes related to student engagement and campus life
- Focusing on departmental key performance indicators (KPIs) from the past three academic years using baseline and longitudinal data. Examples include metrics pertaining to:
 - Service delivery times (i.e. University Police Department's response time for calls, etc.)
 - Engagement/attendance tracking at events (i.e., number of student attendees at campus events)
 - Programmatic outcomes (i.e., learning outcomes associated with attitudes, skills and behaviors)
- Alignment with the Tech Tomorrow Plan and Council for the Advancement of Standards (CAS) in Higher Education

Student Affairs Leadership Team
