
UPDATED ILEARN TOOL FEATURES

KELVIN NORMAN, ED. D.

OVERVIEW

- **Quizzes**
 - Timer settings
 - Asynchronous exporting of statistics and user attempts
- **Creator +**
 - Carousel
 - Hotspots
 - Layouts
- **Awards**
 - Digital credentials
- **Advanced Assessments**
 - Coming soon

QUIZ ENHANCEMENTS

- Two types of availability: Asynchronous and Synchronous
- Default is Asynchronous
 - Availability window is determined by Start and End dates/ times
 - Student can begin taking quiz at any time within the window
- Synchronous
 - The start date and time determines availability. **No end date/time is set.**
 - All students start and finish quiz at the same time
 - End time = attempt time
- Timer settings
 - Options to auto submit or allow students to continue
- Exporting of student attempt data is asynchronous

CREATOR +

- Hotspots
 - Interactive components can promote exploration, analysis, and evaluation.
 - Especially useful in diagrams and maps
- Carousels
 - Steps in a process can be explained in sequence using slides
- Layouts tool
 - Helps to organize elements on a page to allow placement of activities in panels
 - Two or three panels can be placed either in equal or unequal sizes
- Brightspace data sets show completed activity in courses

AWARDS

- Badges
 - Awarded for achievements that also can contribute toward earning a passing grade
- Certificates
 - Used to indicate an official statement of completion
- Can be issued manually or through release conditions
- Can be shared with other courses
- Digital credentials
 - .png images of awards based on Open Badges 2.0 standard
 - Recipients can share digital credentials internally or externally
 - Certificates contain a unique ID for authenticity when created

ADVANCED ASSESSMENTS

- Coming soon as Assignments tool opt-in feature
- Allows Instructors to:
 - Assign multiple evaluators to grade assignments
 - Choose which evaluators can publish grades
 - Assign specific evaluators to learners
 - Choose from two workflows:
 - One shared or Co-marking
 - Multiple individual evaluations
- Ideal use for large class sizes with a need to divide the grading among TAs or co-instructors

THANK YOU!
