Dean's Quarterly Update December 2023

Season's Greetings from the College of Education

As each year comes to a close, it's always good to reflect on the times, the people, and experiences of the past 12 months.

During this holiday season, please take a mindful moment to celebrate successes, goals reached, friends made, and obstacles overcome.

We strive to provide our students, faculty, and staff with the support, resources, and active learning environments essential to achieving positive outcomes.

It is the hope of the college that as we recall 2023 and enter a new year, that we remember the good, the kind, and the helpful and reflect their example.

Wishing you and yours happy and healthy holidays,
~ Lisa Zagumny, Dean / College of Education
