Important Reminders When Registering for Praxis Exams

When creating your account, the Social Security number field is optional. However, it is not optional for teacher licensure candidates. Tennessee State Department of Education will match your license application and your Praxis scores by your Social Security number.

At the time of registration, you will also need to select Tennessee Tech (1804) as one of your recipients. If you are taking the exam in Tennessee, it will automatically go to the Tennessee Department of Education. If you are taking an exam in a different state, you will need to add Tennessee Department of Education (8190) as a recipient.

NOTE: You will need to select Tennessee Tech (1804) EVERY TIME you register for an exam.

Failure to add your full/correct Social Security number and/or not listing TTU as a score recipient, may result in paying an additional \$50 to send an updated score report.

If you have any questions regarding ETS/Praxis, please contact Elora Davis at eldavis@tntech.edu or 931-372-3860.

Praxis Practice Tests

OTE offers full-length practice tests developed by ETS that allow you to answer one set of test questions to simulate what you will experience on the actual day of the test. You can practice using authentic test questions and, after completing the practice test, view your results by content or category along with the correct answers and explanations for each correct answer.

We can accommodate individuals and groups! Interactive practice tests are completed virtually and take anywhere from 2 to 3.5 hours. Availability may be limited. Please email Elora Davis (eldavis@tntech.edu) for inquiries.
